TEAM CAMPS/TENTS: No team tents will not be allowed, There is plenty of space for teams to spread out.

TRACK SURFACE: The track is a sprint track. We can use 1/4" needle spikes or the round based Phillips spikes. Shot and Discus rings are concrete.

WEATHER: We will be certain to keep an eye on the weather and if for any chance that the weather doesn't cooperate, the call will be made by 10:00AM on Friday morning.

SHOT/DISCUS:

In years past, we have set minimums distances to be marked for our throwers due to the volume of entries in the throwing events. However, with fewer teams this year and size of team down, throwers will get three throws in preliminaries and ALL will be marked. We ask that you have a teammate shag implements for the throwers.

***ALSO PLEASE NOTE**-We will run girls shot first and boys discus first! This will help with not having to measure boy's discus throws as it is starting to get dark as they generally are throwing farther than the girls.

ATHLETES: Please keep all non-competing athletes off the infield. There will be opportunities on the backstretch and just off the tack to warm-up.

Athletes should report to the clerk for heat/lane assignments as well as race instructions. The officials will not be giving instruction; they will just be starting the race.

Relay Exchanges: There are no acceleration zones. The acceleration zone and exchange zones have been combined as our track has been resurfaced and painted two years ago. Ideally we would rather teams use chalk when putting down marks on the track as opposed to tape, we want to try and conserve the surface as much as possible. Tape sometimes pulls up rubber off the track. There will be chalk available at each of the exchange zones and we ask that when the athlete is done with the chalk to place it next to the container.

4x200 1st and 3rd exchange (red to red, yellow to yellow) Albany and Shullsburg/Benton, 2nd exchange Officials

4x100 1st exchange (yellow to yellow) Black Hawk and Cambridge, 2nd exchange (yellow to yellow) Cambridge and Deerfield 3rd exchange (yellow to yellow) Sugar River and Lodi.
